INTRODUCTION AND GENERAL INDEX

WRIGHT DIRECTORY CO., publishers of Wisconsin Directories present to subscribers and the general public, this, the 1950 edition of the Racine City Directory.

Confidence in the continued growth of Racine's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Racine to the world.

The enviable position occupied by WRIGHT'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Racine Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments
(Each Department beginning with Page 1)

The five major depariments are arranged in the following order;—

I. THE MISCELLANEOUS DEPARTMENT, the first major depertment, printed on white paper, presents lists of city, county, township and federal officials; post office, public school and court Directories; statistical review; and manufacturing, trade and civic surveys.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major depertment, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Racine, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink peper, is the third major department. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

IV. THE BUYERS' GUIDE, the fourth major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Racine. The advertisements are indexed under headings descriptive of the business represented. This is reference adverlising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Racine, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

V. THE CLASSIFIED BUSINESS DIRECTORY is the fifth major depariment, printed on white paper. This depariment lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important pari in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium. A special feature of this section is the Manufacturers' Depariment.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Racine.

The Racine Directory Library

Through the courtesy of the publishers of the Racine City Directory, a Directory Library is maintained in the offices of the Racine Association of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciattvely acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales compaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

RACINE

THE CITY OF ADVANTAGES

(Courtesy Racine Association of Commerce)

Racine, Wisconsin's second city industrially, is located on the shore of Lake Michigan, and at the mouth of the Root River. Captain Gilbert Knapp, its first settler, back in 1834 was attracted by the beauty of the site and the fertility of the surrounding territory.

Beauty and fertility, to this day, contribute toward Racine's major activities, as the city is a center of recreational attractions and advantages, and the hub of a productive dairying and truck-farming area. These assets have aided in making Racine an important retail center and an attractive city of homes.

Most important of all, though, Racine is a great manufacturing city, with a wide diversity of products. Twenty-five miles south of Milwaukee and 65 miles north of Chicago, Racine has all the advantages of nearness to markets and large cities, with the added benefits of a smaller city.

Commerce and Trade

Early in Racine's history, skilled artisans from northern Europe came to the city in great numbers. The result . . . their skills were quickly turned to manufacturing, and today Racine has 258 industrial plants employing many thousands of persons, with an annual manufacturing output of over $200,000,000. Racine products are known for their scientific perfection, and contribute to the progress and comfort of people in all sections of the world. Some of the many products manufactured include tractors and agricultural implements, automobile accessories, electrical equipment, leather and leather goods, trunks, malted milk, floor wax, furniture, cards and books, clothing, and castings of every description.

With the above built up over 100 years, it was natural that Racine should become one of the centers of manufacturing of war material. Many millions of dollars of contracts were handled by Racine industries, and these industries played a vital role in the recent victory of the United Nations.

Racine's 904 stores of every type do an annual business of approximately $25,000,000, and serve a trading area which extends ten miles north, six miles south, and fifty miles west. The city is unique in that it has six major and distinct shopping sections. Racine, too, is an important wholesale market, with 70 firms doing a business of more than $12,000,000 annually.

Air View of a Section of Racine

Transportation

It is easy to get to Racine. The Chicago & Northwestern Railway and the Chicago, Milwaukee, St. Paul & Pacific Railroad enter the city from the north, south and west, providing frequent service. Hourly trains to and from Chicago and Milwaukee also are operated over the two electric lines—the Chicago, North Shore & Milwaukee and the Milwaukee Electric Railway & Transport Co.

A network of fine highways, including Wisconsin 11, 20, 38 and 42, provide quick auto and truck routes in all directions, and bus service to nearby communities is excellent. Major truck lines have terminals in Racine. Lake boats frequently stop here. One of the finest airports for its size in Wisconsin has been developed by a number of civic-minded individuals in Racine. During the recent war, this fine airport, only two miles from the center of the downtown district, was used exclusively for the armed services.

Excellent electric and bus service, operating over 47 miles of lines, furnishes quick and easy transportation for all Racine visitors not driving their own automobiles.

Recreation

Racine visitors will find much to make their stay pleasant. A fine and beautiful park system, open to the public throughout the year, contains 635 acres. Herbert Fisk Johnson Park is the largest, and has an 18-hole golf course. Washington Park has an excellent nine-hole golf course, and nearby is one of the nation's best open-air swimming pools, which is available to all at a small admission charge. Zoo Park has one of the most interesting collections of animals, birds and reptiles to be found anywhere in a city of less than 100,000 persons. It is located on Lake Michigan, near a fine bathing beach. Shoop Park, to the north is located far out on a point on Lake Michigan. Always cool in summer, it has splendid family picnic facilities and a fine nine-hole golf course.

Washington Park Recreation Center

Nearby are numerous inland lakes that provide fishing, swimming, boating and other attractions for the visitor. Excellent hotel and tourist facilities are available at moderate prices.

Education and Religion

Racine's educational system is excellent, both in plants and in teaching personnel. There are 21 public schools, which include two fine public high schools, one of the nation's older vocational schools, four junior high schools, and 14 elementary schools. Also, there is a splendid Catholic high school and 12 parochial grade schools. Schools for the deaf, orthopedics and backward children complete the facilities.

A public library, with eight branches in different sections of the city, has 204,000 volumes.

Racine visitors can worship in almost any church they wish, for practically every denomination is included in the city's 80 churches.

Racine Center of the University of Wisconsin was established in Racine in 1946, with a present total enrollment of between 600 and 700 students and a faculty of 35. It is permanently established in Racine. Evening sessions also are held, with approximately 500 enrollment.

Civic Assets

The city has many excellent buildings, including a memorial building, court house, city hall, 235-room hotel, and three hospitals containing a total of 320 beds.

The world-famed S. C. Johnson & Son office building, designed by Frank Lloyd Wright, is open for public inspection.

Racine Zoological Garden

There are nine theatres, with a total seating capacity of 18,000. There is a philharmonic orchestra supported by private subscription. The city is under the mayor-aldermanic form of government. Racine is essentially a city of homes, although of recent years enterprising investors have erected numerous apartment houses. Of these, there are 26 ranging in size from 32 to 60 apartments each. A high percentage of families own the dwellings in which they reside. The total valuation of real property is $126,791,660.

Racine's population of 67,195 is composed of 80 per cent native-born whites, 19 per cent foreign-born whites, and $\frac{1}{2}$ of 1 per cent Negroes. The city's population growth is shown as follows: 1900, 29,102; 1920, 58,593; 1940, 67,195.

Organizations and Clubs

Practically all the nationally-known fraternal organizations have branches in Racine. Many have their own buildings. Memorial Hall, dedicated to the city's soldier dead, is beautifully located high above Lake Michigan, and accommodates all service organizations. The American Legion Drum and Bugle Corps has been four times national champions.

Racine Is the Home of the National Junior Championship Drum and Bugle Corps. The Racine Scout Council's Corps, Pictured Above, Has Been Undefeated in Competition Since 1937, When It Distinguished Itself at the National Boy Scout Jamboree in Washington. For Four Successive Years It Won First Honors in Drum Corps Competition in the Chicagoland Music Festival. Wm. L. Peterson Is the Director.

There are five service clubs in the city—Rotary, Kiwanis, Lions, Optimist and Exchange. There are also the Real Estate Board, Manufacturers Association, and six district business men's associations, all of which co-ordinate their efforts with the Association of Commerce.

There are many business, professional, racial and patriotic organizations in Racine.

Racine is the birthplace of Paul Harris, founder of Rotary International.

Health

Racine is one of the nation's healthier cities.

Death rate per 1,000 pop.		Tuberculosis death per 100,000 Pop.	
Racine	8.7	Racine	10.5
Wisconsin	10.0	Wisconsin	10.5
U. S. A.	9.9	U. S. A.	29.8

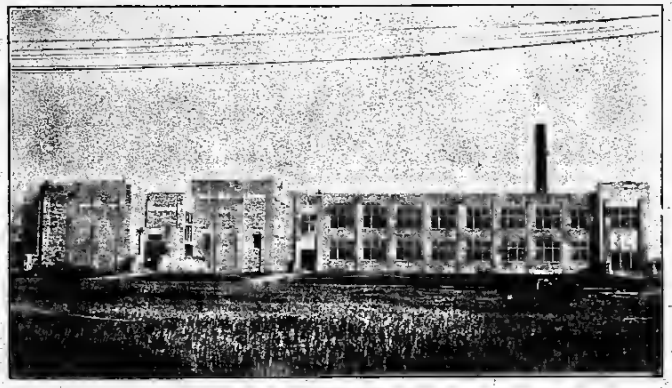
Infant death rate per 1,000 live births

Racine	17.8
Wisconsin	26.1
U. S. A.	36.8

These favorable reports can be attributed directly to the excellent inspection service which the Health Department of the City renders, as well as to the fine doctors and hospitals.

Racine Association of Commerce

Racine visitors are cordially invited to visit the Racine Association of Commerce, 201 6th St., to secure information concerning the city's many attractions and special parking privileges.



Henry Mitchell School

Composed of more than 500 business and professional firms and individuals, the Racine Association of Commerce is working constantly for civic and business betterment and prosperity.

Racine Vocational School

Statistical Review

Form of Government—Aldermanic.

WRIGHT'S
RACINE

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1950

Copyright, 1950, by Wright Directory Co.

Effective with this issue, the numerical streets will be found at the beginning of the Street Guide, preceding the named streets, in numerical order.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. in the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ● following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publishers cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ♿ preceding names denotes houses and places of business having telephones.

(The numerals that appear at right edge of columns, ahead of street descriptions and some intersections, are merely for the guidance of the publishers, and have no other significance).

(This section includes some listings reading "No Return." In each case the Publishers tried diligently by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CITY DIRECTORY USAGE SOARS TO ***NEW HIGH!***

•

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CITY DIRECTORY USAGE SOARS TO *NEW HIGH!*

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

Manufacturers' Department

RACINE, WIS.

1950

Racine is the second industrial city of Wisconsin.

Approximately 22,300 Racine people and more than 258 industries are engaged in producing hundreds of items that are shipped to all parts of the United States and to several foreign countries.

The native skill and inventive genius of Racine craftsmen and the business acumen of management, together with its geographic location and excellent transportation facilities has made Racine a natural industrial center of great importance.

MANUFACTURERS' ASSOCIATION OF RACINE.

GLY-DERS FOOTWEAR

Manufacturers of Health Shoes
Custom Built

GLY-DERS

Have a real Sponge rubber cushion, absorbing all shock and giving the sensation of "walking on air." Exercise the muscles of the feet and limbs in a natural way; this in turn stimulates the flow of blood—Will promote proper poise and posture.

Are custom-built, thereby conforming to the natural contour of your feet.

Are scientifically fitted.

After all—let your feet spend many happy hours in GLY-DERS.

FOR BEAUTY AND PROTECTION

JOHNSON'S WAX POLISHES

JOHNSON'S WAX

Paste and Liquid

For floors, furniture, woodwork and over 100 other protective and beautifying uses. The choice of housekeepers for over 50 years.

JOHNSON'S Self Polishing GLO-COAT

The quick, easy way to have bright shining floors and linoleum. Glo-Coat requires no rubbing or buffing! Dries in 20 minutes to a gleaming, long-wearing polish.

JOHNSON'S CREAM WAX

Actually cleans as it wax-polishes. Removes dirt and smudges like magic. Since it contains no oil, it gives furniture and woodwork a dry, dirt-resisting, lustrous wax finish.

JOHNSON'S CARNU

Cleans and polishes your car in one easy application. Any member of the family can make the car look new with Carnu. Apply —let dry—rub off! Brings back the "Showroom Shine" in half the time required for waxing the old way.

Oster

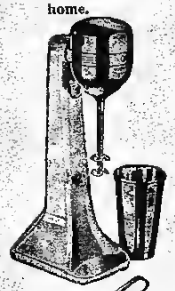
REG. U.S. PAT. OFF.

OSTER is a name known for more than a quarter century ... with an earned reputation for "highest quality always." "OSTER" on the nameplate designates a fully guaranteed product and a company that is one of America's oldest in the field of electrical appliance manufacturers.

OSTERIZER . . . the original liquefier and blender. Amazingly versatile ... liquefies fruits and vegetables, grinds, chops, blends, mixes, whips.

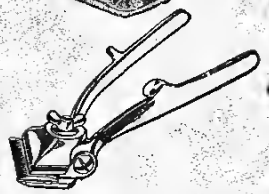
STIM-U-LAX Junior . . . the only massage instrument in the world with Suspended Motor Action Movement . . . delivers Swedish-type massage movements.

Model 40 Fountain Mixer ... also cocktail mixers for the bar and home.



OSTERETT . . . powerful, 2-beater, big-mixer performance. Does every food mixing job. Small, lightweight, easy to use.

Electric Hair Clippers for the barber and beautician. Also lather machines, massage instruments, hair dryers and hand clippers.



A complete line of hand hair clippers recognized the world over for their high quality. Available in styles and blade sizes to fit every requirement.

AIRJET . . . America's new and beautiful electric hair dryer. Jet design. Handle and stand in one. Tilts to any angle.

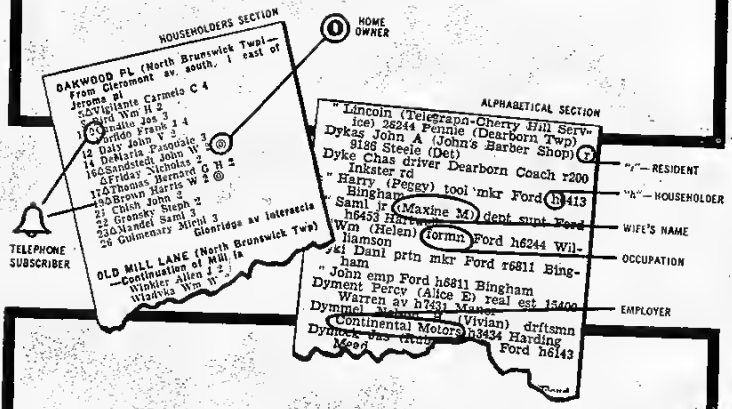
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.
